

Navigation Team Meeting – 12.01.23

- New Parish Name – After compiling the preferences of the FfM churches, there was no clear preference. It was therefore agreed that the process would move on to the second stage. The three names shortlisted are: Parish of Christ the Redeemer, Parish of Christ our Hope, Parish of Light and Hope.
- Review of frequency of Navigation Team Meetings was held. It was decided that they would be moved to three weeks out of four with one in three being face to face.
- Review of FfM weekly prayers was held and it was agreed that a change in format was required to encourage more attendees. Therefore, the meetings will move to monthly which will be longer (45-60 mins), in whatever format the hosting church preferred.
- Draft Pastoral Scheme – the query causing a delay has been resolved and the draft plan will be available for next week's meeting.
- Support Services only have two people on the team and needs to be promoted.
- Structural Team are making progress with the Draft Deanery Plan.
- Growth Team have been working on a review of the Cultivate Course.
- Discipleship Portfolio two people are willing to join but do not want to take the lead.
- Right Buildings Team have completed their work, possibly approach them to join another team.
- Governance – implications of the transition to a shadow PCC could mean that current parish APCMs may need to be delayed.
