

## **Navigation Team Meeting – 23.06.22**

- A 'buddy' system was agreed as a means of establishing two - way communication between Nav Team and the ministry and change portfolio teams: This will be in addition to Team Leads attending Nav Meetings periodically
- Workstream priorities for the time being are: communications strategy; setting up portfolio teams; developing Nav Team working relationships and systems
- The Nav Team should co-ordinate the comms strategy and disseminate all outgoing communications to parishes, worship communities etc.
- A short communication bulletin (or similar) will be sent to parishes weekly on a Thursday; a more detailed podcast (or similar) will be sent monthly
